Dear Parent or Guardian

We have been notified via an accident report that your child incurred an injury during a practice or game. Pop Warner has group accident insurance coverage for medical and hospital expenses. There is a deductible for each accident incurred. Said coverage is considered to be secondary, when there is any other valid and collectible coverage provided by the parent or guardians insurance. Any claim for medical service, which arises out of injury, must be reported to the second vice president of Brick Pop Warner Dragons. Attached is the insurance claim form to be completed and returned within TWENTY (20) days of the injury.

Thank you,

**Second Vice President
